

Josh Eberhart

Seeking position as a web developer for a professional, client-focused company that employs modern design and development methodologies.

EXPERIENCE

GR4VTY Graphics, Virginia Beach, VA — Web / Graphic Lead

FEB 2019 - PRESENT

As the web and graphic design lead I handle multiple clients to design logos, social media designs, motion graphics and web sites to support their businesses and enhance their public image and increase customer traffic and retention.

Transferable Skills: Adobe Suite, VS Code, GitHub, Branding, Customer Service, HTML, CSS, JavaScript, BootStrap

U.S. Marine Corps, Multiple — Intelligence Specialist TS/SCI

MAR 2009 - MAR 2018

Collect, process and analyze large amounts of data to provide intelligence documents and briefings to support decision making, planning, and defense programs. I provided direct intelligence support to ensure the safety of multinational military forces and civilians while serving in a combat zone. I also provided briefings and intelligence documents to support billion dollar defense programs and was recognized by the Director of National Intelligence for works in support of the nations Anti-Tank Guided Missile program.

Transferable Skills: Data Analysis, Applied Analytics, Microsoft Office Suite, Publication Authoring, Research, Problem Solving, Time Management, Quality Control, Adaptability, Briefing, Teamwork, Management, Project Management, Training.

Spotsylvania Fire Department, Virginia— Firefighter II

JAN 2016 - DEC 2018

Provided professional and timely response to fire, vehicular and medical emergencies. Responded to over 2,000 calls involving a wide variety of situations and a range of scenarios where split second decision making under high stress were required. I directly participated in the life saving procedures for hundreds of patients who were in some of their darkest moments. I also provided fire safety training to local school and children's organizations, as well as installed car seats and inspected buildings for safety.

Transferable Skills: Stress Management, Decision Making, Training, Customer Service, Problem Solving, Teamwork.
